

Knowledge question: How do our senses give us knowledge of the outside world?

1. Do Now:

- a. What are our “senses”?
- b. Brainstorm some ideas about the knowledge question.

2. Sense Perception and Language

Watch clip from BBC Documentary, “Do you see what I see?”

- What conclusions did the research on children and language come to?
- What conclusions did the research on the Himba tribe of Namibia come to?
- What effect does language have on our sense perception?
- What are the implications of this? (Implications can be: “so what?”, “why does this matter?” or “what conclusion can we draw from this?”)
